

Maroos

Shipping & Forwarding Company

Contract Logistics

We are the contract logistics partner of choice for logistics outsourcing and the management of complex supply chains. Our integrated services include all aspects of logistics planning, control, and execution. From point of origin to consumption, we design solutions that turn your logistics operations from a challenge into a substantial competitive advantage.

Our approach is based on:

Maroos

Shipping & Forwarding Company

- Becoming an extension of your business. We make sure we fully understand your industry so that we can anticipate your requirements, and respond rapidly and effectively to changing market conditions
- Driving operational excellence and consistency across all global operations through standardized processes and metrics

- Enabling an information-driven supply chain through the development of global visibility and knowledge management services.

Maroos contract logistics experts have in-depth industry-specific experience. We listen carefully to your logistics challenges and conduct a thorough analysis of your business needs. Then we design and build an optimal solution customized to your cost and service requirements.

Our contract logistics services will help you:

- Reduce assets and improve financial returns
- Enhance inventory control
- Deliver advanced customer service and quality.
